## The True Gentleman

“The True Gentleman is the man whose conduct proceeds from good will and an acute sense of propriety, and whose self-control is equal to all emergencies; who does not make the poor man conscious of his poverty, the obscure man of his obscurity, or any man of his inferiority of deformity; who is himself humbled if necessity compels him to humble another; who does not flatter wealth, cringe before power, or boast of his own possessions or achievements; who speaks with frankness but always with sincerity and sympathy; whose deed follows his word; who thinks of the rights and feelings of others rather than his own; and who appears well in any company, a man with whom honor is sacred and virtue safe.”

# Lambda Providence Leadership School

*Five Sigma Alpha Epsilon chapters attended the regional leadership conference*

To kick off the term, our very own chapter hosted the Lambda Providence Leadership School on campus. Chapters from the University of Washington, the University of Puget Sound, Willamette University and the University of Oregon were all in attendance. Honorable guests from Oregon State were invited to speak on diversity, inclusivity and campus relations between Greek life and the University. Our outgoing Eminent Archon, Jake Hales, worked very hard in coordination with our Regional Director, Alan Fisher, to

plan this successful event. Our Providence Archon, Christopher Mercado, spoke in front of the 140+ brothers in attendance. After a few brief general sessions and a lunch at the chapter house, our gentleman attended several break out sessions. Some of these sessions included a philanthropy informational session as well as a True Gentleman Experience session. In closing, SAE's spokesperson, Brandon Weghorst, delivered his 'PR Nightmare' presentation. It was a fantastic and very beneficial event.
